

This is again MISKATONIC UNIVERSITY, a journal of Napoleonic ("Calhamer 5-man") Diplomacy. It chronicles the last of the games begun in 1966 by Anders Swenson when the Diplomacy World was young. This is Pandemonium Publication #184, edited and published by Rod Walker, 5058 Hawley Blvd., San Diego CA 92116; 'phone (714) 282-1921; member, NFFUD Diplomacy Division and IFW Diplomacy Society.

Well, it does not appear that many of you care very much for this game. One set of moves out of four is not very good. Be that as it may, we will go ahead.

WINTER 1813 ADJUSTMENTS and SPRING 1814 MOVES are due on Wednesday, 26 August 1970. If I do not receive at least three sets of moves, I will remove the defaulting players and declare Turkey the winner of this game. I am not going to continue running a game which nobody wants. I realise, god knows, that this thing has dragged on and on, primarily through QMs not caring. However, if I am willing to devote the time and money to carrying this thing to a conclusion, the least you can do is make some moves. Thank you, Bob Keathley, for keeping the faith.

There is also an important vote on the rules. See BLEPESCU, which you all get, for details.
